ABOUT ME

I'm a Junior Software Tester with strong attention to detail. I like new challenges, which made me want to learn more and more about this domain and improve my skills every day. My objective is to excel in a challenging and innovative QA work environment and aim to exercise my full potential. That's why I am looking for a company that will give me the chance to learn and develop myself as a Software Tester.
My Soft skills: Good communication skills, team player, active, learner, leadership, self-organized
